Drafted &amp; Reviewed: 03/21/2025 DM

**Activity Tracking****Prescription**Cover Type Obj: Planted RP  
Acceptable Regen: Minimum stocking of red pine  
Rx Specs: Plant to Red Pine  
Other Comments: Percent to Treat = 100%Approved Methods: Roller chopping, trenching, and planting at standard spacing.  
Additional treatments may include herbicide and pre-commercial thinning.

MIFI Start Date: 10/01/2024

**Implementation Notes**

Flat, sandy dry area. Parent stands were jack pine and red pine mixes. The SW unit access point is off forest access route directly to the south of the treatment and was blocked off with slash. It will need light mitigation for reentry. Stumps are low and flat throughout all units. Hackleburg road to the south gives adequate access to all treatments.

**Acres: 32**
