Michigan Department of Natural Resources - Forest Resources Division

FOREST TREATMENT PROPOSAL

FTP# C72-984

Forest Management Unit	County	Timber Sale Number: 72-017-19	Comp 189	2019 YOE
Grayling	Crawford	Harvest Completed By: 2024	Stand(s) 23	

Town	Range	Sections	Cover Type Objective:	Acres:
25N	04W	07, 18	Planted RP	96.6

Additional Instructions & Notes

Leave open all roads that traverse through the cultivation area. Be wary of any surface or buried oil and gas lines/infrastructure that may be present, any lines listed below on the map are estimated and should be verified on the ground. Official MNFI survey regarding Hills Thistle and other sensitive species will need to occur prior to the application of herbicide.

Prescription

Approved Methods:

Herbicide and flat plant.

Roller chopping and trenching were originally approved but changed after concerns regarding potential unknown oil and gas infrastructure within the treatment area.

Internal Review Comments

Rec	none w/in 500 ft
Water	none w/in 500 ft
Arch	N/A
MNFI	Hills Thistle hits within treatment area requiring official MNFI survey.
