

Upper West Branch Pine River At Nct/pine River Campgrou

Fish Species

Brook Trout; Steelhead

Species Description

This location has wild brook trout and steelhead.

Geographic Coordinates

Lat:46.22909 / Long:-84.8742

Noteworthy

This river is 15-20 feet wide, 2-4 feet deep, with lots of large woody debris and overhanging brush. There is a small parking area approximately 100 yards from the river. Note: there are numerous pullouts along U.S. Forest Service 3137 where you can park and hike a short distance to the river.

Fishing Regulations

This is a Type 1 Trout Stream. For more information, please refer to the Inland Trout & Salmon Regulation found in the current Michigan Fishing Guide.

Directions to Site

From M-28 west of Raco, take Dick Road (U.S. Forest Service 3139) south for approximately 9 miles to Pine River Road (U.S. Forest Service 3137). Take that east to campground.
