

Historical Marker - Erwin Central School (Marker ID#:L2237)

Front - Title/Description

Erwin Central School

In 1909 the newly formed Erwin Township School District built this one-room schoolhouse. The school served the area's Finnish-born mining, logging, and farming families. The township bought the school in 1928 and altered it for use as the Town Hall and a community building. Some classes continued to be held here until 1931, when the district consolidated its five one-room schoolhouses into the nearby K. P. Silberg Central School.

Significant Date:

Industry and Invention (1875-1915)

Registry Year: 2012 **Erected Date:** 2012
