

## Historical Marker - L2089 - Elowsky Mill (Marker ID#:L2089)

### Front - Title/Description

#### *Elowsky Mill*

According to local historians, Prussian immigrant Michael Elowsky fled the political turmoil brewing in Eastern Europe in 1862. He settled in Detroit, was joined by his family, and migrated to Presque Isle County around 1870. Prior to 1885 he moved a part of this structure from Trout River and eventually developed a complex of flour, shingle, siding, planing, and lath milling operations. Residents of Metz, Posen, and Krakow Townships brought grain and timber to this mill, which closed in October 1963.

#### **Significant Date:**

Industry and Invention (1875-1915)

**Registry Year:** 2000    **Erected Date:** 2002
