### Front - Title/Description

#### **Methodist Episcopal Church**

In February 1889 the Methodist Episcopal Church of New Lothrop was organized. Later that year the present sanctuary and belfry were built of timber cut from local farms. A seven hundred-pound bell was donated by the H. P. Niles G.A.R. post in 1891 in honor of New Lothrop's Civil War veterans. In 1900 a portion of the former English Settlement Church was attached to the north side of this structure. Mergers in 1939 and 1968 resulted in the church being renamed First United Methodist Church.
