Grayling Forest Management Unit

Hybrid Meeting

August 29, 2024

---

The following document details the changes and decisions made at the Compartment Review to the inventory database, reports, and compartment maps presented at the Open House for the Grayling Forest Management Unit. This document is the official record of changes and decisions. Proposals originally presented were approved unless noted below.

**Attendees:** Cody Stevens, Chad Fate, Ashley Colborn, Tim Greco, Joan Charlebois, Jake Halabut, Cole Michaud, Michael Lovelace, Kody Beesley, Garret Price, Scott McClarren, Brian Piccolo, Victor Porteous, Scott Eggman,

**Public Comments:** There were a number of questions regarding how large the no cut buffer areas were on various rivers and streams. These questions were answered directly and vary based on what river/stream is affected. All best management practices BMP's are followed when treating in or adjacent to wetlands and water bodies.
