Comments from stakeholders received prior to Compartment Review

Comment received from David A Baumia - This area was logged but no record of it. (Comment was not related to this year of entry and was an approved treatment)

Comment received from Eric L. Drogot - Took a ride on 7/14/23 and notice many red markings on trees in this area in which I hunt. What is the proposed date for clear cutting this area.? Another area was clear cut adjacent to this area 2- 3 years ago and was done just a few weeks before the rifle opener. Any details would be appreciated. I have been hunting this area for over 50 years. (Not related to this year of entry. Forwarded to Acting Unit Manager)
