

South Branch Au Sable River Potters Landing

Fish Species

Brook Trout; Brown Trout

Species Description

Wild brook and brown trout are both present here. Brook trout up to ten inches are common and brown trout can grow to twenty inches or larger in this reach.

Geographic Coordinates

Lat:44.54413 / Long:-84.53294

Noteworthy

Cobble, gravel and sand substrate are present here. This is a popular location to fish. A walk of less than 5 minutes from the parking lot takes you to the stairs along the river. This is in the Mason Tract of State forest land and many anglers will take the paralleling Mason Tract pathway to fish this area both upstream and downstream.

Fishing Regulations

The South Branch Au Sable River at Potters Landing is a designated Gear Restricted stream. Please refer to the Inland Trout and Salmon Stream Regulations in the current Michigan Fishing Guide.

Directions to Site

From Roscommon, take M-18 to Chase Bridge Road and turn left (north). Continue on Chase Bridge Road for about 2.3 miles until you cross the bridge over the river, turn right on the gravel road (Mason Tract Trail) after the bridge and then turn right again onto a two-track after about .6 miles.
