

## South Branch Au Sable River Steckert Bridge Road Access

---

### ***Fish Species***

Brook Trout; Brown Trout

### ***Species Description***

Wild brook and brown trout are both present. Brook trout up to 8 inches can be found but are not common. Brown trout can grow to 18 inches or larger in this reach but are not very abundant. Both species likely use this reach of river more during spring months when the temperatures are much cooler.

### ***Geographic Coordinates***

Lat:44.531878 / Long:-84.58902

### ***Noteworthy***

This reach is more popular with kayakers and canoers. Anglers should be aware of the private land in this area.

### ***Fishing Regulations***

The South Branch Au Sable River at Steckert Bridge Road Access is a designated Type 1 trout stream. Please refer to the Inland Trout and Salmon Stream Regulations in the current Michigan Fishing Guide.

### ***Directions to Site***

From Roscommon, take M-18 to Steckert Bridge Road (Lancewood in town) and turn left (north). Continue on Steckert Bridge Road for about 2 miles to the access site.
