

## Reid Lake

---

### ***Fish Species***

Rainbow Trout

### ***Species Description***

This is a remote walk-in lake that is stocked with various species of trout annually by the MDNR. Typical trout caught are 7-15 inches in length but some larger fish may be present if broodstock trout are stocked on occasion at this location.

### ***Geographic Coordinates***

Lat:44.653478 / Long:-83.675713

### ***Noteworthy***

Best presentations are flies, spinners or jigs. Fishing best accomplished with a portable float tube. Open all year to fishing and harvest. All tackle types may be used.

### ***Fishing Regulations***

This is a Type B trout lake. For complete rules and regulations please check the current Michigan Fishing Guide.

### ***Directions to Site***

In the town of Glennie, take M-65 Highway north approximately 6 miles to M-72 Highway, then take a right (east). Drive approximately 3 miles to the Reid Lake forest service hiking trailhead sign. Park at the lot, and hike in to the lake for approximately 1.5 miles.
