Comments from Stakeholders received prior to Compartment Review

***Entire comments available upon request**

Norman Todd McLain- Compartments 3, 23 and 28. I would like to see more active mgmt.. of the areas that have been hit hard by the Oak wilt disease. There are significant sections of state land in the Peacock Twp/Lake county area along 3 mile rd corridor that has a lot of dead pin oaks. Please do not allow the maple/pine components to take over these areas.

David Gregg- Compartment 142 T22N R9W section 24-25. I am 68 years old and used to hunt this property. Since the road closing I am no longer able to walk the distances. I am against the closures in general which make access to public land difficult or in many cases impossible. This has happened on many public lands. In this particular case closure appears to have been done to benefit current or former DEQ/DNR employees. With the treatments done this year or next I would like to see the road re-opened to provide access to the parcel for all hunters. The northwest corner of the property should also be established if it has not been.

Compartment 03 (Stand examiner – Cheryl Nelson)

No Changes at compartment review

Compartment 23 (Stand examiner – Cheryl Nelson)

Add a final harvest treatment to stand 39 add grouse specs and standard retention.

Final harvest & restart stands 5,9 and 19 include the full tool box of red pine restart tools in the next steps. Work with PRD to address trails in these stands.

Stand 1 remove the burn treatment

Compartment 28 (Stand Examiner – Ryan Adamczyk)

Add a post burn monitoring treatment to the next steps for the oak burns follow natural regen guidelines.

Compartment 63 (Stand examiner – Joe Ventimiglia)

No changes made at compartment review.

Compartment 83 (Stand examiner – Jim Malloy)

No changes made at compartment review.

Compartment 104 (Stand examiner – Derek Cross)

No changes made at compartment review.

Compartment 108 (Stand examiner – Jim Malloy)

No changes made at compartment review.

Compartment 116 (Stand examiner – Steve Eisele)

No changes made at compartment review.

Compartment 88 (Stand examiner – Joe Ventimiglia)

Final harvest stand 29 and replant to red pine adding the whole tool box of next step treatments.

Final harvest stand 39 and convert to aspen and hardwood.

(There is an exception on these changes for the WLD Biologist to review)

Compartment 142 (Stand examiner – Blair Tweedale)

Add a thinning treatment to stand 26.

Add a thinning treatment to stands 65, 69 and 74.

Add a treatment to stand 54 this treatment will move the stand toward an oak conversion.

Potential Old growth SCA removal and reclassification

The areas reviewed for potential old growth removal and reclassification were approved for the Cadillac Management Unit.

In addition to the compartments reviewed for the 2018 YOE, there was a consensus sheet signed for the Mark Knee memorial GEM in the Evert Block

As the Compartment Review Meeting Facilitator, I certify that the above changes have been agreed to.
