**NOTE:** It is your responsibility as a user of public lands, to ensure you are informed of all current rules and regulations relevant to your activities. The information presented here represents some details relevant to land use, but this is not a complete list of all rules and regulations, and may not be as immediately updated as current legislation and rules. This product is not a legal notice, nor a complete collection of hunting regulations and laws. It is a condensed tool issued for convenience on this specific subject. The DNR is on the internet at "<http://www.michigan.gov/dnr>".

**If you have questions or comments about the area or its management, please contact the St. Clair Flats State Wildlife Area Office is at: 1803 Krispin Road, Harsens Island, MI, 48028, and phone: (810) 748-9504.**

**PLEASE NOTE:**

Because the St. John's Marsh Wildlife Area is part of the Great Lakes Coastal Marsh ecosystem, water levels fluctuate within the Great Lakes. During low water periods the marsh may become pools of very shallow water and mudflats. These periodic fluctuations create water and vegetation conditions that are healthy for the ecosystem, but may be a temporary inconvenience for recreational users. Entry into refuges will be permitted after the last waterfowl hunting day in December – dates will be posted at entry points on the Wildlife Area

Because of the difficulty for most people to get around under these conditions, the area will be posted "STATE GAME AREA - OPEN TO HUNTING." No special permit is necessary to hunt. State Land Rules and General Waterfowl Season Regulations will be in effect.

**PARKING is a problem in the St. John's Marsh Wildlife Area. Please park in designated areas only.**

If you have questions on parking, please visit or call the St. Clair State Wildlife Area Office (address above, ph: (810) 748-9504).
