Drafted & Reviewed:12/10/2024 DKC		

Implementation Notes

Comments: Pipelines and electric cables are buried along the county roads and wellsite access roads. These are to be excluded from chopping, and trenching operations. The RP replant units within the sale were harvested 2 years ago. Site may need to be chopped before trenching. Tops were not chipped within the south 2/3rds of the treatment area. Stumps are low and terrain is rolling. Less than 5 sawlong sized trees present within the interior to the north 1/3rd. Some minor occurrences of trees <5inches DBH exist in south 2/3rds.

MIFI Start Date: 10/01/2024
