Drafted & Reviewed:02/09/2024 GLP		

Implementation Notes

Comments: Currently no pipelines adjacent to treatment area, there is a road that comes into the treatment area out of the XO stand to the north, this road will need to be blocked off with slash and stumps when the treatment is done. Rolling topography but site is very clean. Hills contributed to some areas of high stumps.

MIFI Start Date: 10/01/2024
