ACTIVITY TRACKING	

Coverture Objective: PLANTED RP	Acres: <b>55</b>
Approved Methods: Mechanical and chemical treatments as needed to prepare the stand for planting and ensure full stocking in well-established RP	
Timbersale number: 72-628-20	
Sale admin staff: Charlebois	
Harvesting completed by: April 2022	
Contract TCR date: contract is still open, with units yet to cut	
Comments: This planned plantation part of the timbersale will be removed from the open contract in order to allow trenching to begin. The planting area south of the Tank Trail is on ground with a seasonal high water table and has cradle knoll topography. Leave open the mapped traversible roads.  While not on EMR Managed Land, there is a block of EMR Managed Land adjacent to the SW edge of the FTP.  Current MiFI stands include 13 and parts of 14 & 16. After the harvest treatment is closed, the FTP area will just be stand 13.
