HAL: none known at this time
MNFI: w/in large polygon for EMR potential but not on EMR Managed Lands, also w/in large historic polygon for Cobweb Skipper
Drafted & Reviewed: <i>Jan 21, 2024 JC</i>

ACTIVITY TRACKING	

Covertypes Objective: planted RP	Acres: 22
Approved Methods: Trench & plant RP. Roller chop, herbicide, & pre-commercial thin as needed.	
Timbersale number: 72-052-17	
Sale admin staff: Charlebois	
Harvesting completed by: August 2023	
Contract TCR date: Nov 9, 2023	
Comments: The stand had RP planted around overmature oak & JP. There was a fair amount of dead and down material from the declining oak. The site was not chipped but the harvesters lopped & scattered the tops in order to meet trenching requirements. The Williams Tract gate doesn't have the standard Grayling FMU lock.
