Township 25N		Range 03E	Section(s) and Subdivision(s) See NW on Map	Harvest Completed By: Spring 2023
			Contract TCR Date: 08/25/2023	ACRES: 520
				Covertypes Obj: Planted RP

Proofing Comments	Activity Tracking	Prescription
REC: Snowmobile trail on Fowler Rd East of Area and Mixed Use trail South. NEPA Apprvd		Cover Type OBJ: PLANTED KW JP Acceptable Regen: KW Jack Pine Rx Specs: Site prep and plant per USFS Specifications. Bracke site preparation will be done two years after final harvest to allow stumps and slash to deteriorate. During these two years, preliminary surveys will be conducted for natural jack pine regeneration. Natural regeneration that meets KW densities will be delineated from rest of stand and not planted. Install diamond wave planting scheme in planted area (296' x 74") with GPS unit (Garmin) prior to site prep Utilize natural openings where possible Bracke spacing will be approximately 3 to 5 feet between parallel passes. Bracke =6x6 spacing Site preparation will be done in the fall to allow scalps to settle over winter 5 acre opening will not be trenched or planted as shown in map.
WATER: None w/in 500 ft. NEPA Apprvd		
HAL: No known occurrences 10/26/23		
MNFI: KW, Hill's thistle, and Dusted Skipper hits in CAR 10/27/23. NEPA Apprvd		
Drafted & Reviewed:03/23/2024 GLP		

Implementation Notes

Comments: Sale is accessed South of Curtisville Rd. Stumps were cut low and sale was chipped with minimal slash loading. Do not trench or plant through the wildlife openings indicated on the map and marked on the ground by the residual orange marked jack pine. See prescription for USFS Specifications.

MIFI Start Date: 10/01/2023
