Reviewed: 11-3-21 JC

ACTIVITY TRACKING	

Covertype Objective: PLANTED RP Acres: 43.1

Approved Methods:

Trench & plant RP at standard spacing. Leave open all existing roads within the planting area. Additional treatments may include chopping, herbicide & TSI.

Timbersale number: 72-050-17 Sale admin staff: McClarren

Harvesting completed by: Spring 2020

Contract TCR date: 10/11/2021

Comments:

Stands were cut 2019-2020, Collector Mix #72-050-17. The harvested panhandle of stand 69 along the county road was removed from the planting area due to skinny shape and some low/wet spots. There is a lowland stand adjacent to stand 69 as well. Both stands were chipped and low stumped.
