

Michigan Department of Natural Resources - Forest Resources Division
FOREST TREATMENT PROPOSAL

FTP# **W72-857**

Forest Management Unit Grayling		County Crawford	Timber Sale Number: 72-015-20	Comp: 271	2020 YOE
			Harvest Completed By: 2023	Stands: 3, 4, 10, 12	
Township 28N	Range 01W	Section(s) and Subdivision(s) 6: SWSE, SESW & 7: N1/2	Cover Type Objective: Prairie		Acres: 155

Internal Review Comments		Approvals		Prescription
REC: None w/in 500 ft		Signature	Date	Approved Methods: Burn periodically to restore & maintain the Shupac Prairie ERA. Use existing roads where possible to minimize construction of new fire lines & reduce encroachment of invasive plants. Alternating burns between spring, summer & fall, varying the burn intensity, & varying the fire return interval (ideally, between 1 - 5 years) will benefit the widest range of species.
WATER: None w/in 500 ft				
HAL: No hits within either section				
MNF1: Dusted skipper, KW, Hill's thistle, Rough fescue, Dry Sand Prairie natural community				
Revised & Reviewed: 09/23/2024 Charlebois				
Additional Instructions & Notes				
There are pipelines and gas well sites bordering and within the burn area. Protect the survey corner and its witness trees under the powerline in the the NW of stand 3. The first version of this FTP was approved in 2019. This revised version adds stands 4, 10, & 12 to the Shupac Prairie burn area, as prescribed through the 2020 YOE planning process.
