

FTP C53-552
Comp 29 stand 41
78.4 acres

Objective: Planted red pine. Treatment area highlighted in red.

Methods: Trench where applicable, then plant to red pine. No herbicide.

Timber sale information: Ice 29 Pine (53-010-25). Bought by Precision, produced as roundwood and forwarded. No chipping took place.

Location: Cheboygan Co, T33N R01E Sec30

Terrain: Flat overall, but some gentle hills in the southernmost portion

Recreation: None

HAL: None

Fisheries: Little McMasters Creek is just outside of treatment area

MNFI: Blandings turtles frequently appear where Little McMasters Creek crosses Clark Bridge road; this is outside the treatment area, but use caution when approaching this location.

FTP comments: Trench all areas except for those deemed unnecessary by operator.
