WITNESSES TO CORNER.....

10" Spruce - N47E - 97.4 feet

5" Apple Tree - North - 72.1 feet

AND

DESCRIPTION IN DETAIL AS TO HOW CORNER WAS LOCATED AND IDENTIFIED OR RESTORED.

This corner was restored at record measurement east of closing corner. Found 1 1/2" pipe for closing corner as established by Marcus Schaaf, RLS, who apparently restored the corner as established in 1909 survey by county surveyor. County records indicate corner to Sections 32-33 was established 77 links east of closing corner and was marked by a B. Granite rock which is in place. However, this does not concur with the US record which prescribes a 30 link offset between corners. Could find no reason to depart from government record in restoring this corner. UMBTs all gone.

Corner to Sections 4 and 5, T33N, R4W is 30 links west.
