This prospectus has been modified with the following changes.

All timber sales in this batch have received the following modifications to the specifications:

Specification 2.2.2 was modified to provide exceptions for chipping mandated by the military if the unit is able to obtain a written exception from the military. This is to provide flexibility with harvesting as long as lack of chipping does not negatively impact military operations.

Specification 8.3.1 - Completion of contract, chipping (1/16) was added to all sales specifying "In addition to cutting, all chipping must be completed by the contract expiration date. If chipping has not been completed, an extension fee or damages may be charged per General Condition & Requirement 7.2 and 8.3."

We apologize for any inconvenience this may have caused. If you need assistance, please contact Susan Thiel at 989-348-6371 ext. 7440.
