

Main Branch Black River Blue Lakes

Fish Species

Brook Trout

Species Description

Brook trout are the primary trout species encountered at this location.

Geographic Coordinates

Lat:45.149667 / Long:-84.3445

Noteworthy

This is another way to fish the beautiful Blue Lakes reach of the Black River. Access is from the north off Blue Lakes Road and eventually the trail would lead you to the same water as the Hardwood Creek Crossing site.

Fishing Regulations

This site on the Main Branch of the Black River is a designated Type 1 trout stream. Please refer to the Inland Trout and Salmon Stream Regulations in the current Michigan Fishing Guide.

Directions to Site

From M-33, turn west on CR-622 which is approximately 8.5 miles north of Atlanta. Follow 3.9 miles to turn on right (northwest) which is East Branch Road. Continue on East Branch Road 4.0± miles to Blue Lakes Road and then turn left (west). Follow 3.0 miles at which point road turns north. Turn left here and follow trail road to parking sites. River extends southwesterly and may accessed at several points.
