

Muskegon River Maple Island DNR Boat Access

Fish Species

Species Description

Lake Michigan spawning runs of steelhead, Chinook salmon and brown trout.

Geographic Coordinates

Lat:43.318397 / Long:-86.033468

Noteworthy

Steelhead fishing occurs from late October through May, brown trout from late October through mid-December, and Chinook salmon during September and October. Fishing is best primarily from small boats. Bait, lodging and food available in nearby Muskegon.

Fishing Regulations

The Muskegon River in this area is designated a Type 3 trout stream. Please refer to the Inland Trout and Salmon Stream Regulations in the current Michigan Fishing Guide.

Directions to Site

From the intersection of US-31 and M-46 (Apple Avenue) in Muskegon, travel on M-46 east 7 miles to Maple Island Road (B-31). Head north 6.7 miles (crossing over the river) to W. 128th Street, then east for approximately 0.25 miles to the boat access entrance.
