

South Branch Au Sable River Deerheart Valley Road Ending

Fish Species

Brook Trout; Brown Trout

Species Description

Wild brook and brown trout are both present here. Brook trout up to eight inches are present but not common. Brown trout can grow up to 18 inches or larger in this reach but are not abundant. Both species likely use this reach of river more during the spring months when the temperatures are much cooler.

Geographic Coordinates

Lat:44.539101 / Long:-84.570693

Noteworthy

This reach is more popular with kayakers and canoers. Anglers should be aware of the private land in this area.

Fishing Regulations

The South Branch Au Sable River at Deerheart Valley Road Ending is a designated Type 1 trout stream. Please refer to the Inland Trout and Salmon Stream Regulations in the current Michigan Fishing Guide.

Directions to Site

Take M-18 northeast out of Roscommon to Deerheart Valley road and turn left (north). Deerheart Valley Road will end at the river, parking is limited.
