MISC. COMMENTS

With the addition of two new boating employees whom were moved to Newaygo State park from the Flat River Recreation Unit, this once cold storage building is slowly being upgraded into a Office/Workshop with limited space. Orginal cold storage building had a 690 sq ft office with heat added sometime in the late 1980's or early 90's. We are looking to insulate and heat the 1200 ft storage area therefore creating a maintenance workspace, while still maintaining the 420 sq ft for storage space. Other under staff is a PI position.
