MISC. COMMENTS

This House of the Former Assistant Park Manager was deemed excess to the parks needs in 2004. It had a disposal request completed on it and was in the process of going through the Channels when a fire destroyed the parks main shop building and employee breakroom in April of 2005. The residence was then converted to be used for an employee breakroom, ranger locker room and office space, an Explorer Guide Office, bathroom facilities for employees and a much need storage area for park products, signs, and necessities that were formally kept in the supply room of the shop.
