The State's equity in the parcel being offered is indicated by a "Sur" (State's percentage of surface equity) or a "Min" (State's percentage of mineral equity).

There is no limit on the number of auction offerings that may be bid on by any party. Each auction offer will constitute a separate Lease. All bids, and issuance of Leases, are subject to approval by the Department and the State Administrative Board.

**TAX-REVERTED PARCELS:** Parcels that are preceded with an asterisk (\*) will require an acceptable Attorney Title Opinion stating that there was no severance of mineral rights prior to tax reversion on or after **April 1, 1976**, or that minerals were otherwise conveyed to the State subsequent to tax reversion. If an Attorney's Title Opinion is not provided by April 28, 2009, a Lease will not be issued and the Department will not issue a refund for bonus and rental paid. If a Title Opinion reveals previously severed minerals on a portion of the Lease, the Lessee, at their option, may select a refund of the bonus and prepaid rental for the entire Lease, and no Lease will be issued, OR a Lease will be issued for the parcels which have good title, and a refund will be given on a percentage basis for the bonus, and rental on the tax-reverted parcels which contain mineral rights severed prior to tax reversion.

## **DEVELOPMENT LEASES**

The Lease is not in itself an authorization to drill. Issuance of drilling permits for specific locations is subject to separate application and approval by the Supervisor of Wells, Michigan Department of Environmental Quality, pursuant to Part 615 of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

**IN LEASES ON LANDS IN WHICH THE STATE OWNS MINERAL RIGHTS ONLY - SURFACE RIGHTS PRIVATELY OWNED, THE FOLLOWING PROVISIONS WILL APPLY:**

- The Lessee shall pay or agree upon payment to the surface owner, or any person holding under the owner, for all damages or losses (including any loss of the use of all or part of the surface), caused directly or indirectly by operations hereunder, whether to growing crops or buildings, to any person or property, or to other operations.
- Before a drilling permit application is submitted to the Supervisor of Wells relating to land in which the State of Michigan owns mineral rights only, and as described in this Lease, proof shall be submitted to the Lessor, in writing, that notification to enter the land has been provided to the surface owner, and that either voluntary agreement or stipulated settlement relative to surface use and damages has been reached between the Lessee, or the Lessee's authorized agent, and the surface owner.
- When a mutually satisfactory agreement relative to surface use and damages cannot be reached, either party can inform the Lessor, in writing, that a dispute exists and the Lessor will grant a negotiation period of 30 calendar days in which no drilling or development operations may be conducted by the Lessee. This time period is to allow for the resolution of the dispute. If, at the end of this period, proof of the agreement is not submitted in writing to the Lessor, drilling and development operations will not be prohibited by the Lessor and resolution of the dispute rests solely with the Lessee and the surface owner, independent of the Lessor. It is the sole responsibility of the Lessee to ensure that said 30-day negotiation period is completed 30 days prior to the expiration of the primary term or any extensions of this Lease.

## **NONDEVELOPMENT LEASES (AUCTION OFFER NUMBER PRECEDED BY "N")**

**FOR LEASES ISSUED ON PARCELS CLASSIFIED AS NONDEVELOPMENT, THE FOLLOWING PROVISIONS WILL APPLY:**

- All other provisions of this Lease notwithstanding, it is understood that no drilling or development work shall be conducted on the surface of the land described in this Lease without reclassification or the specific authorization of the Lessor. Reclassification or such authorization for this Lease, or any portion of the lands contained herein, will be granted at the sole discretion of the Lessor.
- Drilling, if authorized, shall be limited to the number of wells necessary to prevent drainage from said State minerals.
- No operations shall be conducted until written instructions for the proper protection of any and all natural resource interests or surface values are issued by the Lessor.

## OIL AND GAS LEASE BASIC TERMS

Any operations under the Lease shall be subject to all applicable federal and State laws and rules now or hereafter in force.

**TERM OF LEASE:** Five years and as long thereafter as oil or gas are produced in paying quantities. A State lease form, rules and policy governing the leasing of State lands for oil and gas may be obtained upon request.

**BONUS:** A payment by the buyer to the lessor at the time of sale as part of the consideration for acquisition of an oil and gas lease. Due to the fact that the auction will last two days, the total bonus bid must be paid at the time the bidding is completed.

Bidders who do not have an established credit rating with the Department through prior leasing of State-owned minerals shall pay not less than one-half of the total bonus bid by cash, certified check, or money order. Bidders may establish a credit by filing three references acceptable to the Forest, Mineral and Fire Management Division (address shown below), one of which must be from a bank or other financial institution. Other references may be in the form of a letter from a credit bureau, a firm with whom you have done business, a person, firm, or corporation engaged in the oil and gas business, or another financial institution. All remittances shall be made payable to: "State of Michigan". **NOTE:** In no instance will the Department accept "sight drafts" even if noted as a "zero-day sight draft."

**BOND:** The successful bidders must be prepared to file with Forest, Mineral and Fire Management, a blanket oil and gas lease performance bond in accordance with the following bond schedule:

Amount of Bond	Maximum Acres
\$10,000	0-5,000
\$25,000	5,001-10,000
\$50,000	10,001-unlimited

**RENTAL:** Rental of \$2.00 per acre per year, beginning the first year of the Lease, provided that the minimum annual rental for any Lease shall be \$5.00. The first year's rental payment shall be due at the time the acreage is bid-in. In addition, successful bidders will have the option to pay rentals for additional year(s) up to the entire five-year initial term. This option may be used for any or all of the Leases bid in at this Auction.

**ABATEMENT:** Each producing oil or gas well abates rental on the leased premises within the established producing unit.

**ROYALTY:** The production royalty rate is one-sixth unless otherwise indicated. The shut-in royalty rate is based on the Lease language.

**RELEASES:** Lessees may surrender a Lease or any part thereof, at any time, providing all prior Lease obligations have been fulfilled. Releases must be filed as provided in the Lease with Forest, Mineral and Fire Management Division (address shown below).
