

## COMPARTMENT REVIEW RECORD OF CHANGES AND DECISIONS

Michigan Department of Natural Resources  
Sault Ste. Marie Forest Management Unit

2025 Year-of-Entry (YOE)

October 5, 2023

---

The following documents the changes and decisions made at the compartment review to the Inventory database, reports, and compartment maps presented for online review for the Cadillac Forest Management Unit compartment review. This document is the official record of changes and decisions. Proposals originally presented were approved unless noted below.

### **Attendees**

Chad Fate, Josh Brinks, Jason Tokar, Rachel Leggett, Scott Lakosky, Karen Sexton, David Jentoft, Cody Flatt, Nate Plato, Kenny Fanelli, Jayne Roohr, Stacy Tchorzynski (virtual), Jennifer Burnham (virtual), Peter Costa (virtual), and Sue Sobieski (virtual).

### **Comments from stakeholders received prior to Compartment Review**

Public comment was received regarding Compartment 165, Stand 65. A neighbor and to this stand and his family have a sentimental connection to this stand because their family used to lease this piece of land for farming purposes. They don't want it to be altered much or at all.

### **Compartment specific changes made during the Compartment Review**

#### **Compartment 14 – Stand Examiner Joshua Brinks**

Stand 61 - Remove EO and buffer around the rare species. Remove an area in NE that has potential boreal forest and remove NW finger from treatment.

Stand 33 - Winter harvest for deer yard. Access will be restricted to wintertime due to rare species.

Stand 62 – Drop treatment.

#### **Compartment 26 – Stand Examiner Kenny Fanelli**

Stand 50 – Change wording to leave 2 White Pine per acre.

#### **Compartment 40 – Stand Examiner Joshua Brinks**

No changes at Compartment Review.

#### **Compartment 41 – Stand Examiner Kenny Fanelli**

Stand 45 – Changed treatment to Shelterwood. Cut all Aspen, leave 3-5 White Pine per acre, thin Oak where necessary for operability.

Compartment 55 – Stand Examiner Kenny Fanelli

Stands 31 & 35 – Remove treatments.

Stand 50 – Rewritten treatment so that they will cut ridges in the Western portion instead of cutting the entire stand towards the lakeshore to the East. Added several no-cut species to the list.

Stand 44 – Add to the invasive species control measures to include all options (mechanical, burning, etc.) for broader treatments and not just the spray. Add WLD Biologist, Dave Jentoft, to the Treatment Sponsor line.

Compartment 62 – Stand Examiner Joshua Brinks

No changes at Compartment Review.

Compartment 102 – Stand Examiner Cody Flatt

Compartment 118 – Stand Examiner Cody Flatt

Stands 56 & 69 - OUT OF ENTRY YEAR Opening Maintenance treatments added.

Compartment 108 – Stand Examiner Cody Flatt

No changes at Compartment Review.

Compartment 122 – Stand Examiner Nate Plato

No changes at Compartment Review.

Compartment 126 – Stand Examiner Nate Plato

Stands 2, 5 & 10 – Add site condition that Survey is needed.

Compartment 135

Stand 102 – OUT OF ENTRY YEAR – Add site condition that Survey is needed.

Compartment 137 – Stand Examiner Cody Flatt

Stand 21 – Originally was recorded as Natural stand but planting records were found. It now is correctly coded as a Planted stand.

Compartment 165 – Stand Examiner Cody Flatt

Discussion was held about options of how to treat Stand 65 based on the public comment received.

Stand 65 – Remove Scotch Pine. Add oak and pine planting on portion of stand. Add site prep next steps to trench, spray, plant, and mechanical release work if needed.

Compartment 171 – Stand Examiner Cody Flatt

Stand 58 – Change to Shelterwood harvest and let stand come back naturally. Only cut Red pine and no other species. Cut to 10-20 BA.

Compartment 182 – Stand Examiner Nate Plato  
No changes at Compartment Review.

Compartment 186 – Stand Examiner Nate Plato  
Stand 46 – Add Clearcut treatment.

Stand 48 – Add Seed Tree harvest.

Stand 56 – Add Single Tree Selection harvest.

Compartment 192 – Stand Examiner Jennifer Burnham

Stand 3 - Add comment for wildlife to herbicide for invasive species. Follow up with archeology.  
Remove site condition for survey needed.

As the Compartment Review Meeting Facilitator, I certify that the above changes have been agreed to.
