

## Sorry, but this facility has un-enrolled from the Hunting Access Program (HAP).

- Regrettably, the document/map intended at this location for this farm facility is no longer valid as the private landowner has either permanently or temporarily left the HAP program.
- This file location is to help ensure you as a potential user / hunter, get updated information and not directed to a facility no longer in the program. This file is to over-write the existing map on servers, while links are being updated.
- We appreciate your patience as we develop new and better information. Thank you.

## Other resources to assist you:

The Michigan DNR website – at <http://www.michigan.gov/dnr> - already provides a wide variety of detailed information: Details include specifics on State land areas, habitat management, information on game and nongame species, and more.

Please review these other resources for information while this document is being developed.

If you have questions, use the online DNR resources, contact a DNR Customer Service Center using the “contact us” link off the DNR web page at [www.michigan.gov/dnr](http://www.michigan.gov/dnr) or find contact information and phone numbers from within your local phone book.

The **Hunting Access Program (HAP)** section of the DNR website contains a variety of information, including an **overview map of point locations of HAP lands** within the State (at [http://www.michigan.gov/documents/dnr/HAP\\_Locations\\_364373\\_7.pdf](http://www.michigan.gov/documents/dnr/HAP_Locations_364373_7.pdf) ).

There are already detailed **county-wide map products** depicting HAP lands, provided at [http://www.michigan.gov/dnr/0,1607,7-153-10371\\_14793\\_52946---,00.html](http://www.michigan.gov/dnr/0,1607,7-153-10371_14793_52946---,00.html) .

On these products, you should see a red star symbol representing HAP lands, so you can find the HAP cooperator areas already on these products.

### A new interactive online mapping tool exists: Have you tried **Mi-HUNT**?

**Mi-HUNT** is the interactive online mapping tool created specifically to help Michigan hunters and outdoor enthusiasts find land details, use DNR resource information to review areas across Michigan, see State public hunting / trapping lands, cooperating private landowner lands like the Hunter Access Program or Commercial Forest lands, and much more. Within this application, there is an option to display HAP lands as a red star symbol representing those cooperator areas, so you can find the HAP areas already in **Mi-HUNT**. Why not give **Mi-HUNT** a try?
