

Michigan Department of Natural Resources

Upper Peninsula Morning Fire Briefing

Thursday, August 18, 2022 Published: 08/18/2022 6:56 AM

DUTY OFFICER

Keith Murphy Office: 906-249-1497 Cell: 906-249-9222

FIRE ACTIVITY

[Wildland Fire Application](#)

[Fire Dashboard](#)

No fires reported to the ICC.

FIRE DANGER AND STAFFING

Low fire danger forecasted West, Moderates central, and Highs to the East. Staff according to policy following summer criteria.

FIRE PLANNING DISCUSSION

Warm and humid today with temperatures approaching 80, RHs 50% or higher and winds under 10 mph. Some gusty winds forecasted over the East UP. Rain chances increase as the day goes on with the best chances later tonight. Some shots of rain are moving through already this morning. High RHs will keep fire behavior in check today.

AERIAL DETECTION

No detection flights planned today.

BURN PERMITS

[DNR Burn Permit Website](#)

Permits can be issued per local conditions and policy.

PRESCRIBED BURNS

No prescribed burns planned for today.

ICC STAFFING

Marquette ICC will be staffed today. Duty Officer available after hours by cell phone or 800 MHz radio.

SAFETY

3 steps to Risk Management. Identify known hazards and risks, identify control measures and mitigate, and identify trigger points to reevaluate. Use this in all aspects of your work to remain safe.
